

Skip a coffee. Change a life.

As low as \$10 a day you could save a life.

charity: water

100% of your money funds clean water.

**The daily operation cost is fully covered by
private donors
allowing your contributions to be fully
committed to providing water to areas
affected by water scarcity.**

Water crisis by the numbers

- Anything from \$10 to \$40 can reshape a persons lived experience.
- With a direct link using mobile quick-pays like Venmo or Apple Pay allowing for quick and easy and convenient.
- 703 Million people lack access to clean water.
- 1 in 10 people globally are affected.

What your donations allow

- Addressing the issue of water deserts and enabling access to water, allows for the communities to avoid commonly treatable diseases, and illnesses.
- Frees up the youth and females in impoverished communities, to pursue education and other opportunities.
